How far away is Argentina?

So, how far away is it? If you are like most people, you would probably say "pretty far". And you would be right. The distance from our home in New Jersey to our home in Argentina is more than **5000** miles. But in reality, **Argentina is much closer than that.**

You see, our journey back to Argentina is **80%** complete because that is the amount of our ministry budget that has been raised since our return to the US last year. We are **grateful** to the many churches and supporters who are making our return to Argentina seem so much **closer** today than the **thousands of miles** that presently separate us.

However, as close as 80% may sound, **Argentina will still remain out of reach until we have raised 100% of our missions budget.** So how much do we still need? How far away is Argentina today? We are lacking about **\$1500 in monthly** commitments before we can travel back to Argentina.

If only **30** churches, families or businesses would partner with us at **\$50 per month**, we could stop asking ourselves the question "How far away is Argentina?" and begin asking a new one. I think a better question we could ask is "How far will we go to take the saving message of Jesus Christ to the people of Argentina?"

I don't know about you, but I would much rather be asking that question than any other. **Will you partner with us today so we may answer this question together?**

The Nehemiah Challenge

WE NEED YOUR HELP TO SECURE THE WALLS OF THE BIBLE SCHOOL

The Need:

Provide a safe learning environment for future leaders and pastors on the Bible school campus after repeated break-ins and assaults and a deteriorating chain-link fence.

The Challenge:

This project will require approximately \$30,000+ in order to build a wall and other general security improvements to our campus.

The Amazing Opportunity:

A church in New Jersey has committed to **match all funds** given toward this project up to \$15,000 from Easter Sunday to the end of May. In the same amount of time Nehemiah was able to rebuild the walls of Jerusalem, we can raise the necessary funds to complete this most needed project. **If 50 churches would give \$300, we would meet this challenge!** Contact us today for more details -- www.ArgentinaAlive.org
