

Stephen & Sonia Wallace

ASSIGNMENT

Our vision for ministry is to glorify God by passionately serving the next generation of ministers and leaders in Latin America, equipping and inspiring them to effectively fulfill their unique calling.

Ministry activities will include providing leadership as the directors for the Bible school located in Córdoba, Argentina. The Bible school is playing a vital role in reaching some of the most needy areas of Argentina with the gospel and is effectively training the next generation of pastors and church leaders in the nation.

PREVIOUS MINISTRY

During our last term, we began serving at the Bible school as campus pastors and academic dean. Activities included a vibrant teaching and preaching ministry and numerous other tasks on campus.

Prior to ministry in Argentina, Stephen served a growing Hispanic congregation in New Jersey while Sonia was secretary and professor at the Bible school in Córdoba.
